ICMS 822 – Strategic Intelligence

About this unit:

This subject provides students with the opportunity to apply the functional applications of strategic intelligence in the broader commercial environment. Students will build on general business principles (leadership, management, finance, operations, HRM, CRM, sales, marketing and distribution) and competitive strategies (knowledge management, business intelligence and competitive intelligence), gained in earlier business, marketing, finance, economics or related degrees.

Learning Outcomes:

The aim of the subject is to develop knowledge and skills that enable students to:

- (1) Critically analyse business environments both external to the company and within the organisation;
- (2) Gain knowledge of the process by which organisations develop a strategic and sustainable market initiatives;
- (3) Assess current management and leadership concepts, including how businesses capture, retain and use information;
- (4) Review current market intelligence such as Annual Reports, Newspaper and Magazine Articles, Brand Strategies, Advertising Mix and ASX Reports etc; and
- (5) Understand the implications of decision making.

Throughout the course, the emphasis is on the application and analysis process: identifying information needs, acquiring the necessary information, interpreting it and using it as the basis for business recommendations.

This course will also enhance the generic skills - critical thinking, independent work, teamwork, writing skills, and problem-solving skills.

Successful Completion of the Unit

In order to successfully complete the Unit you must:

- Attend and participate in the weekly lectures. If you miss more than 2 lectures you will be required to explain the reason for the absence or withdraw from the Unit.
- Complete a Journal covering strategic issues affecting business performance and/or strategy implementation of a selected Company from articles sourced from the web, newspaper or business magazines.
- Complete a Business SI Report on a chosen company incorporating research and opinion.

- Complete a Group Case Study and Presentation on a Peak Tourist Body.
- Complete a final exam (with a mark of 50% or better).

Textbook:

Whilst there is NO PRESCRIBED TEXTBOOK, Students are expected to complete the readings contained within the Course Reading Folder located within the ICMS Course Page on Blackboard. There will be weekly readings for discussion in the following week class.

Workload:

This is a single semester (half-year) 4 credit point unit. The number of credit points that a unit is worth is determined by the number of hours that a student is expected to spend each week attending lectures, reading and preparing assignments. For a single semester unit, students are expected to spend 4 hours per credit point each week on work related to the unit. Students are strongly advised to prepare their study timetable accordingly. Successful performance in the exam requires knowledge and understanding of the content of the lectures and set readings.

General Course Notes

Assignment Assessment Requirements

- All assignments are to be typed in a 12-point font, with appropriate spacing and margins. As reports are being requested you may use either PORTRAIT or LANDSCAPE formats.
- Your assignments will be marked according to the following criteria:
 - Expression (spelling, syntax, grammar)
 - Description (accurate, coherent, unambiguous)
 - Argument (valid, logical, reasonable)
 - Relevance (with respect to the set topic)
 - Research (effective use of relevant literature)
- Assignments are to be submitted with the name of the subject and the assignment on the front cover. **Your name(s) and SID(s) are to be clearly identified on the front cover of each assignment.**
- INDIVIDUAL JOURNAL – late journals **WILL NOT** be accepted. Journals are to be submitted in person in class on the due date.
- GROUP ASSIGNMENT – the Group Assignment is to be emailed to me in a MS Word on the Monday prior to the due date with a printed bound copy submitted in class. Late assignments will not be accepted.
- Extensions of time for the submission of assignments will be granted only in special circumstances. Applications for such extension must be made in writing to Lawrence Potter, at least three (3) days before the submission date, and must include appropriate evidence to support your application. There are two possible grounds for seeking an extension (a) illness and (b) misadventure (that is, circumstances beyond the student's control, not pressure of accumulated assignments). Late assignments will be penalised, however, this does not apply when an extension of time has been granted.
- It should be noted that under no circumstances will any late assignments be accepted for grading after examined assignments have been returned to students.
- Lost assignments: All students must keep a copy of their assignment in case the submitted copy is mislaid.
- All sources must be referenced.
- If you wish to appeal against your assignment grade, you must first contact the original marker within one week of the marked assignment being returned.

- Remember the assignment must be your own work. Plagiarism is a serious offence.

The University Examination period in the First Half Year 2009 is from 1st June - 26th June 2009.

You are expected to present yourself for examination at the time and place designated in the University Examination Timetable. The timetable will be available in Draft form approximately eight weeks before the commencement of the examinations and in Final form approximately four weeks before the commencement of the examinations.

<http://www.timetables.mq.edu.au/exam>

The only exception to not sitting an examination at the designated time is because of documented illness or unavoidable disruption. In these circumstances you may wish to consider applying for Special Consideration. Information about unavoidable disruption and the special consideration process is available at <http://www.reg.mq.edu.au/Forms/APSCon.pdf>

If a Supplementary Examination is granted as a result of the Special Consideration process the examination will be scheduled after the conclusion of the official examination period. (Individual Divisions may wish to signal when the Division's Supplementaries are normally scheduled.)

You are advised that it is University policy not to set early examinations for individuals or groups of students. All students are expected to ensure that they are available until the end of the teaching semester, which is the final day of the official examination period.

PLAGIARISM

Include the following statements:

The University defines plagiarism in its rules: "Plagiarism involves using the work of another person and presenting it as one's own." Plagiarism is a serious breach of the University's rules and carries significant penalties. You must read the University's practices and procedures on plagiarism. These can be found in the *Handbook of Postgraduate Studies* or on the web at: <http://www.student.mq.edu.au/plagiarism/>

The policies and procedures explain what plagiarism is, how to avoid it, the procedures that will be taken in cases of suspected plagiarism and the penalties if you are found guilty. Penalties may include a deduction of marks, failure in the unit, and/or referral to the University Discipline Committee.

UNIVERSITY POLICY ON GRADING

Academic Senate has a set of guidelines on the distribution of grades across the range from fail to high distinction. Your final result will include one of these grades plus a standardised numerical grade (SNG).

On occasion your raw mark for a unit (i.e., the total of your marks for each assessment item) may not be the same as the SNG which you receive. Under the Senate guidelines, results may be scaled to ensure that there is a degree of comparability across the university, so that units with the same past performances of their students should achieve similar results.

It is important that you realise that the policy does not require that a minimum number of students are to be failed in any unit.

The process of scaling does not change the order of marks among students. A student who receives a higher raw mark than another will also receive a higher final scaled mark.

Grade definitions

HD	High Distinction 85-100%	<i>Denotes performance which meets all unit objectives in such an exceptional way and with such marked excellence that it deserves the highest level of recognition.</i>
D	Distinction 75-84%	<i>Denotes performance which clearly deserves a very high level of recognition as an excellent achievement in the unit.</i>
Cr	Credit 65-74%	<i>Denotes performance which is substantially better than would normally be expected of competent students in the unit.</i>
P	Pass 50-64%	<i>Denotes performance which satisfies unit objectives.</i>
PC	Pass Conceded 45-49%	<i>Denotes performance which meets unit objectives only marginally.</i>
F	Fail 0-44%	<i>Denotes that a candidate has failed to complete a unit satisfactorily.</i>
FA	Fail Absent 0-44%	<i>Denotes that a candidate has failed to complete a unit satisfactorily and was absent from a compulsory final examination</i>
W	Withdrawn	<i>No grade as student withdrew with permission prior to final examination</i>
I	Incomplete	<i>Grade yet to be determined as all assessment tasks have not yet been completed</i>
IS	Incomplete Supplementary	<i>Supplementary examination approved and yet to be completed</i>
