MKTG813: Marketing Principles

Phillip Morgan

Semester 1,
Year 2009
Year and Semester: 2009, Semester 1

Unit convenor: Phillip Morgan

There are no Prerequisites / Corequisites for this unit

Students in this unit should read this unit outline carefully at the start of semester. It contains important information about the unit. If anything in it is unclear, please consult one of the teaching staff in the unit.

ABOUT THIS UNIT

Marketing is a discipline designed to help organisations serve the needs of their customers. It is partly an art and partly a science. The art of marketing emanates from one's experience as a customer, and as a practising market-orientated manager. The experience of individuals is extremely valuable, but it can sometimes be a disadvantage for many organisations. This is because it is unique to the individual and it is generally gained from a very limited range of situations. What is needed in dynamic markets is a common shared understanding of how consumers and competitors behave in a variety of situations, and a set of tools and techniques which allow us to monitor and respond to this behaviour. This is the science of marketing.

This course introduces students to the principles and practices of marketing in the contemporary environment. The objective is to develop an understanding and awareness of the importance of customers, and familiarity with some of marketing's tools and techniques. Throughout the course, the emphasis is on the analysis process: identifying information needs, acquiring the necessary information, interpreting it and using it as the basis of your recommendations. To gain an insight into the appropriate means of applying process based concepts and operational tools and techniques.

This course will enhance the generic skills (critical thinking, independent work, teamwork, writing skills, and problem-solving skills) that you have been developing from your studies at Macquarie University.
WORKLOAD
This is a single semester (half-year) 4-credit point unit. The number of credit points that a unit is worth is determined by the number of hours that a student is expected to spend each week attending lectures, reading and preparing assignments. For a single semester unit, students are expected to spend 4 hours per credit point each week on work related to the unit. Students are strongly advised to prepare their study timetable accordingly. Successful performance in the exam requires knowledge and understanding of the content of the lectures, assignments and set readings.

TEACHING STAFF

Consultation by appointment only.

CLASSES
There are 13 weekly classes, 3 hours face-to-face teaching per week consisting of a 2 hour lecture and 1 hour workshop. Classes are in room E5A118 on Tuesdays 2pm to 5pm. The Final Examination will be held in the last week (Week 13).

The timetable for classes can be found on the University web site at:
http://www.timetables.mq.edu.au/

(NB 80% attendance at classes is a prerequisite to passing the unit. Please contact the lecturer by e-mail if you are unable to attend classes on a particular day or session)

REQUIRED AND RECOMMENDED TEXTS AND/OR MATERIALS

TEXTBOOK
Available at the University Co-op Bookshop. You will need to purchase or have access to the text throughout the semester:

SUPPLEMENTARY READING LIST:
There are a number of marketing monographs, journals and magazines. The small sample below are simply a guide to some authors and texts. It is your responsibility to further your knowledge and pursue areas of interest by browsing the library.

ADDITIONAL LEARNING MATERIALS:
Additional information related to this subject can be found in the following business periodicals. Most of these publications are available from the library in either hard copy or on databases. Other articles may be obtained from other University libraries such as University of New South Wales and University of Technology, Sydney (UTS).

LEARNING OBJECTIVES AND OUTCOMES

On successful completion of this course, you will be able to:

1. Understand marketing’s role in the organisation
2. Examine and apply a strategic approach to marketing issues and decisions
3. Apply marketing theories to analyse and solve marketing problems

In addition to the discipline-based learning objectives, all academic programs at Macquarie seek to develop students’ generic skills in a range of areas. One of the aims of this unit is that students develop their skills in the following:

*Critical analysis skills (to evaluate, synthesise, and judge); and
Problem-solving skills (to apply and adapt knowledge to the real world).*

TEACHING AND LEARNING STRATEGY

There are 39 hours of formal class time in this course, consisting of:

- Lecture Topics and Discussion
- Weekly Workshops using an online web discussion page
- Individual and Group based Assessments

Students are required to prepare for and attend classes; participate in the weekly web discussions; participate in class discussions; complete the assignments; and complete a final examination.

Participation is an important contribution to the success of the classroom experience. It is expected that students will have completed at least the basic reading on each topic and have given some thought to the exercises associated with the textbook and the online web discussion for particular sessions.

(NB 80% attendance at classes is a prerequisite to passing the unit. Please contact the lecturer by e-mail if you are unable to attend classes on a particular day or session.)

RELATIONSHIP BETWEEN ASSESSMENT AND LEARNING OUTCOMES

UNIT ASSESSMENT
The assessment system has been designed to help students learn and apply the concepts introduced during the unit. The purpose is to assess:

- the extent to which you understand the concepts, ideas and theories introduced;
- your ability to apply these concepts to your own experience;
- your ability to develop and support an argument and
- your ability to present information and ideas before an audience, and to be able to support the arguments presented.

Assessment comprises three elements:

Note: Non-attempt of any assessment component will result in a mark of 0. All components must be attempted in order to meet the requirements of the unit. Students need to achieve a total of 50% to pass the unit and a pass in the final examination (exclusive to all other marks) to pass the unit.

ASSESSMENT DETAILS

Assessment 1: Case Study Paper (Individual)
Due: Tuesday 7th April, 2009
Weighting: 20%

In Week 2, students will be given a list of Case Studies from the prescribed text. One of these case studies must be chosen by each student and an individual analysis must be completed resulting in a 1500 word written report, which is to be submitted in the class on Tuesday 7th April, 2009. Please also attach an individual assignment cover sheet (Appendix 1) to the front of your assignment. The case should be summarised and key points highlighted before addressing the issues in the case study. Further research may be conducted on the web to update the case, OR you may just use the information in the case.

Assessment 2:  Major Marketing Report (Group)
Due:       Tuesday 19th May, 2009
Weighting: 30% (All group work is peer moderated)

You will be formed into groups in Week 3. Choose an organisation that you are familiar
with and can obtain some information about (from the web or annual reports etc). You
could use a company that one of the members in the group works for as the basis for this
assessment (see the lecturer before you commence to get approval of your choice to
ensure that it is suitable for the exercise). This assignment can be based on a brand or
individual product or service. You are required to follow the following format for your
report:

1  Executive Summary

2  Introduction and Background
Provide an introduction and background to your topic (product/service or brand).

3  Marketing Environmental Analysis.
This should include both the internal (micro) and external (macro) environments of
the company chosen. This should include, as a part of the internal analysis, what is
the current marketing mix used to market the product? Where is the product/service
in terms of its lifecycle? Evaluate as to the effectiveness of the current marketing mix
used.

4  Situational Analysis
As a direct result of the Marketing Environmental Analysis, construct a useable
SWOT Analysis with a conclusion.

5  Future Growth Opportunities
Looking 3-5 years into the future, explore growth opportunities using the
product/market expansion grid

6  Revised Objectives and Marketing Strategy
Based on the SWOT analysis and the Growth Opportunities analysis, set appropriate
objectives for the next 12 months. Based on these objectives select target markets
and design a marketing mix to satisfy these markets.

NB.  The body of your paper must be supported with the use of a reference list (with
both academic and trade/industry references) and may also be supported by
appendices. Back up your ideas, suggestions and recommendations by using
course concepts and/or theory.

Please also attach a group assignment cover sheet (Appendix 2) to the front of your
assignment.

**Assessment 3:** Weekly Web Discussion

**Due:** Weekly (final mark given out on 26th May

**Weighting:** 10%

From Week 2, a question on the topic from that week will be placed on the webpage for this subject. Students are expected to view this question during the week between lectures and make a brief comment or discuss comments made by other students in the class. Each week in the first half hour of the class that question will then be further discussed in class.

**Assessment 4:** Final Examination

**Time Limit:** 2 Hours + 10 minutes reading time

**Date:** In last lecture – June 2nd (Week 13)

**Weighting:** 50%

A 2 hour closed book final examination for this unit will be held during the University Examination period. It will a closed book examination, and will be in the form of multiple choice and short essay questions and focused on the concepts presented in the text, assignments and the lectures. More information will be provided in lectures.

The only exception to not sitting an examination at the designated time is because of documented illness or unavoidable disruption. In these circumstances you may wish to consider applying for Special Consideration. Information about unavoidable disruption and the special consideration process is available at [http://www.reg.mq.edu.au/Forms/APSCon.pdf](http://www.reg.mq.edu.au/Forms/APSCon.pdf)

If a Supplementary Examination is granted as a result of the Special Consideration process the examination will be scheduled after the conclusion of the official examination period. (Individual Divisions may wish to signal when the Division's Supplementaries are normally scheduled.)

You are advised that it is Macquarie University policy not to set early examinations for individuals or groups of students. All students are expected to ensure that they are available until the end of the teaching semester, that is the final day of the official examination period.
GENERAL INFORMATION ON ASSIGNMENTS

All assignments are to be typed in a 12-point font, double-spaced with 2.0 cm margins on one side of page only.

Assignments must be submitted using the cover sheets that are in Appendix 1 & 2 of this outline. Make sure that your name and SID are clearly legible without opening the report. Please put your name and SID on each page of the assignment in case the cover sheet is misplaced.

Staple your assignment in the top left-hand corner. Please do not put the report in a binder or individual pages in separate plastic holders - they are difficult to mark and put comments on if submitted this way and you may not get the binder or plastic sleeve back.

Late assignments will not be accepted. It is important to get your assignments is submitted in on time so that they can be marked and processed to ensure your final result in the unit is ready on time.

Feedback on your assignments are provided two weeks from the submission date. The feedback will comment about your submission relative to the corresponding assignment’s Assessment Criteria (outlined previously).

Students should note that those who ask for their assignments to be remarked may obtain a mark that is lower than the original mark. A re-mark will be conducted independently and the independent marker may award a lower mark. If you ask for a remark, the new mark is the one that will be used - even if it is lower than the original mark. Requests of a reconsideration of a grade must be made in writing and signed.

All students must keep a copy of their assignment in case the submitted copy is mislaid.

All assignments must be referenced using the Harvard (author, date) method. Failure to follow this method will result in marks being deducted. Using footnotes or endnotes will also incur a loss of marks.

Remember the essays must be your own work. Plagiarism, Cheating or Collusion of any sort is a serious offence and will be penalised.
WRITING YOUR ASSIGNMENTS
Remember, when writing an assignment, you need to do more than to "cut and paste" ideas taken from different sources, even if they are acknowledged. This information taken from other sources needs to be used as an illustration of a more general point you have made, or as an indication of substantiating evidence, or as a starting point from which you make further elaboration. Even definitions often require some contextualising or further statements on significant aspects.

You are the one who has to develop the thesis or argument of your assignment and who has to demonstrate you are thinking about the meaning of what you have been reading.

Good assignments will include:
- An introductory passage that engages with the question posed and which establishes the writer's argument or position, in other words, the introduction should be indicative of the argument and analysis that you will present;
- Evidence of well organised thoughts that systematically develop an argument;
- Evidence of an understanding of relevant concepts;
- Evidence of thought about the connection between the work being critiques and its relation to other sources that you have consulted;

PLAGIARISM
The University defines plagiarism in its rules: "Plagiarism involves using the work of another person and presenting it as one's own." Plagiarism is a serious breach of the University's rules and carries significant penalties. You must read the University's practices and procedures on plagiarism. These can be found in the Handbook of Undergraduate Studies or on the web at: http://www.student.mq.edu.au/plagiarism/

The policies and procedures explain what plagiarism is, how to avoid it, the procedures that will be taken in cases of suspected plagiarism, and the penalties if you are found guilty. Penalties may include a deduction of marks, failure in the unit, and/or referral to the University Discipline Committee.

DETERMINATION OF OVERALL GRADE
The overall mark is a culmination of the three assessment tasks. Non-attempt of any assessment component will result in a mark of 0. All components must be attempted in order to meet the requirements of the unit. Students need to achieve a total of 50% to pass the unit and a pass in the final examination (exclusive to all other marks) to pass the unit.

STUDENT SUPPORT SERVICES
Macquarie University provides a range of Academic Student Support Services. Details of these services can be accessed at http://www.student.mq.edu.au.
