ACCG 340

Auditing and Assurance Services

2007 Semester 2
About This Unit

Unit Description (3 Undergraduate Credit Points)

This unit is primarily concerned with the external audit of corporate financial statements. The lectures presented are structured to correspond with audit methodology used in practice and integrate Australian and International Auditing Standards.

The majority of the lectures deal with the various activities undertaken by auditors. The main stages of the audit process are addressed including planning, gathering and evaluating audit evidence (including performance of tests of controls and substantive audit procedures) and the formation of the audit opinion. Topics such as analytical procedures and computer assisted audit techniques are not treated as separate topics, but are integrated throughout the unit. Other topics, including auditors' legal responsibilities, ethics and assurance services, are dealt with as special topics.

The lectures mainly deal with the concepts underlying the methodology, while the tutorial material is designed to demonstrate how the methodology is applied in practical situations.

Consultation hours will be detailed on the unit webpage. Please note that staff will only respond to emails that are sent by students from their Macquarie University email address. Please remember that there are hundreds of students in the unit so check your question has not been answered elsewhere (e.g. in the textbook or unit webpage) and use e-mail only as a last resort.

CLASSES

The timetable for classes can be found on the University web site at: http://www.timetables.mq.edu.au/

LEARNING OUTCOMES

This unit seeks to develop both generic skills and specific knowledge. A student passing this course must master specific knowledge of the audit process. In order to conduct effective audits a student will also develop their ability for critical analysis, problem solving, creative thinking and ethical reasoning. The ability to plan and implement the gathering of evidence, and the critical analysis of evidence, is a valuable skill that extends beyond the specific area of auditing financial statements.
TEACHING AND LEARNING STRATEGY

LECTURES:

Attendance at lectures is highly recommended. There will be practical explanations and examples given in lectures which supplement the text material and tutorial questions. If you choose not to attend lectures, it would be wise to be aware of any announcements made in lectures that could affect your study. Lecture slides will be available on the **unit webpage and on e-reserve** a few days prior to the lecture (some students have experienced difficulties downloading lecture slides from WebCT in the past). It is students’ responsibility to download and print these slides.

TUTORIALS:

The objective of tutorial assignments is to apply audit theory to practical situations. Tutors will discuss the issues and difficulties students had in answering the questions.

**Tutorial assignments must be submitted at the end of each tutorial on a weekly basis.**

Solutions will be made available in the week following each tutorial on the unit webpage. It is required that students attempt all tutorial questions in writing. Students will receive a 1/2 mark for each complete tutorial to a maximum of 5 marks. A complete tutorial:

- Attempts **all** tutorial questions **including questions from readings and lecture multiple choice questions** (available from the unit webpage)
- Is submitted in the students’ registered tutorial (not before, not after, not to the same tutor’s class at a different time etc. etc.)

Copying suggested solutions from prior semester tutorial questions does not constitute a satisfactory attempt at homework and is a waste of everyone’s time.

Tutors will not award marks for assignments that do not meet the above criteria under any circumstances.

If you are unable to attend your tutorial due to illness or other reasons you will NOT receive any tutorial marks for that week (but remember it’s only worth a 1/2 mark). If you are unable to attend a number of tutorials due to a persistent illness or some other reason, you must formally apply for special consideration in respect of your within-semester assessment.

**Students may only attend their registered tutorial.** Tutorial performance will be taken into account when considering any appeals for special consideration.
Changes to tutorial classes can only be done ONLINE. Please do not email academic staff to request changes.

REQUIRED AND RECOMMENDED TEXTS:

All students should purchase from the Co-op Bookshop the following:

**Note that previous editions of this text are NOT acceptable as there have been substantial revisions to the Auditing Standards.**

This text will be supplemented with readings available on e-reserve.

Students will also be expected to read the relevant Auditing Standards, available online at [http://www.auasb.gov.au/](http://www.auasb.gov.au/) or published as the *Auditing Handbook 2007*, being Volume 2 of the Accounting and Auditing Handbook 2007 by both Wiley and Pearson/Prentice Hall.

The following texts are useful as additional references:

WORLD WIDE WEB (WWW) SITES

**Web CT:**

Students can access the Web site for ACCG 340 from either their home/office (via modem) or at University computers.

The url is: [http://online.mq.edu.au](http://online.mq.edu.au)

**myMQ : Macquarie Student Portal**
The Student Portal is now available to all students. myMQ, the student portal, provides the gateway to information for current students. The myMQ Portal has been designed to bring all student resources to one location to access all of their university resources. The Portal contains links to: Student Email-Calendar - Online Teaching Facility - Library catalogue and reserve systems - eStudent - Unit home pages- and many other student and university resources. Additional
services will be added throughout the year and future initiatives will include a portal for University staff.

The Student Portal home page is located at https://my.mq.edu.au

RELATIONSHIP BETWEEN ASSESSMENT AND LEARNING OUTCOMES:

The following forms of assessment will be undertaken during the semester:

<table>
<thead>
<tr>
<th>Assessment Component</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>Tutorial work and participation</td>
<td>5%</td>
</tr>
<tr>
<td>Mid-semester assignment</td>
<td>10%</td>
</tr>
<tr>
<td>Mid-semester test</td>
<td>25%</td>
</tr>
<tr>
<td>Final examination</td>
<td>60%</td>
</tr>
<tr>
<td><strong>Assessment Total</strong></td>
<td><strong>100%</strong></td>
</tr>
</tbody>
</table>

To obtain a pass in the course, it is necessary to:

(a) attempt ALL assessment components, and  
(b) obtain a pass in the final examination, and  
(c) obtain an overall passing grade for the course.

MID-SEMESTER ASSIGNMENT:

The mid-semester assignment is due **IN ERIC by 7pm on Friday 19 October**. ERIC will remain open to collect assignments on this day only. Late assignments will incur a 20% penalty if submitted prior to 9am Monday 22nd October and a further 10% per day thereafter (assignments submitted after 9am Monday will receive a 30% penalty, assignments submitted on Tuesday 40% and so on). Note that non-submission of the assignment will result in an automatic fail grade for the unit.

Further details about the assignment will be provided during the semester.

**It is compulsory that the Mid-Semester assignment is submitted with the official EFS cover sheet. Students who submit work without this cover sheet will automatically fail the assignment.** The cover sheet is available in this unit outline or is downloadable at: http://www.efs.mq.edu.au/docs/student_support/Individual_cover_sheet.pdf
MID-SEMESTER TEST:

The mid-semester test will be held on **Saturday 13 October 2007 at 11.00 am**. The test will be of 90 minutes duration with ten minutes of reading time. It will encompass topics covered in lectures 1 to 6 (weeks 1 to 8) inclusive.

Students who do not attend the mid-semester examination have until **Friday 19 October 2007** to lodge an application for special consideration with the Student Centre. Students must provide documentary evidence to support their appeal. Students must also email the lecturer-in-charge to ensure that all requests are processed. Results of appeals for special consideration and details for the supplementary exam will be posted on the unit webpage by **Friday 26 October 2007**. The supplementary exam is provisionally scheduled for Friday 2 November 2007, but final details will be provided on the webpage.

FINAL EXAMINATION:

The final examination will be **two (2) hours with ten minutes reading time**. Note that marks may be deducted for poor grammar, spelling and expression.

Material that is examinable is

- all material presented at lectures,
- all material included in the prescribed text and additional readings (including all questions at the end of each chapter),
- all tutorial assignment questions, and
- material in the Auditing Standards that is referred to in the lecture notes or that relates to tutorial assignment questions.

**Note that the Auditing Handbook and calculators are NOT permitted to be taken into the final exam.**

The university examination period for Semester 2 2007 is from 14 November 2007 to 30 November 2007. You are expected to present yourself for examination at the time and place designated in the Examination Timetable. The timetable will be in draft form before the commencement of the examinations at the following web address:

Please note that students who do not attend the officially time-tabled examination because of a misread timetable will automatically be given a failure grade (FA). Such students will not be given special consideration or permission to sit for supplementary examinations unless the student can demonstrate that the circumstances are so exceptional as to fall outside the reasonable application of the rule.

The only exception to not sitting an examination at the designated time is because of documented illness or unavoidable disruption. In these
circumstances you may wish to consider applying for Special Consideration. Information about unavoidable disruption and the special consideration process is available at

Note that a Supplementary Examination is only granted where a student has demonstrated satisfactory coursework. For the purposes of ACCG 340, satisfactory coursework would not be demonstrated where a student has obtained an aggregate within-semester assessment of 16 out of 40 or less.

If a Supplementary Examination is granted as a result of the Special Consideration process the examination will be scheduled after the conclusion of the official examination period.

You are advised that it is Macquarie University policy not to set early examinations for individuals or groups of students. All students are expected to ensure that they are available until the end of the teaching semester, which is the final day of the official examination period.

PLAGIARISM:

The University defines plagiarism in its rules: “Plagiarism involves using the work of another person and presenting it as one’s own. “ Plagiarism is a serious breach of the University’s rules and carries significant penalties. You must read the University’s practices and procedures on plagiarism. These can be found in the Handbook of Undergraduate Studies or on the web at:
http://www.student.mq.edu.au/plagiarism/

The policies and procedures explain what plagiarism is, how to avoid it, the procedures that will be taken in cases of suspected plagiarism, and the penalties if you are found guilty. Penalties may include a deduction of marks, failure in the unit, and/or referral to the University Discipline Committee.

UNIVERSITY POLICY ON GRADING:

Academic Senate has a set of guidelines on the distribution of grades across the range from fail to high distinction. Your final result will include one of these grades plus a standardised numerical grade (SNG).

On occasion your raw mark for a unit (i.e., the total of your marks for each assessment item) may not be the same as the SNG which you receive. Under the Senate guidelines, results may be scaled to ensure that there is a degree of comparability across the university, so that units with the same past performances of their students should achieve similar results.

It is important that you realise that the policy does not require that a minimum number of students are to be failed in any unit. In fact it does something like the
opposite, in requiring examiners to explain their actions if more than 20% of students fail in a unit.

The process of scaling does not change the order of marks among students. A student who receives a higher raw mark than another will also receive a higher final scaled mark.

STUDENT SUPPORT SERVICES:

Macquarie University provides a range of Academic Student Support Services. Details of these services can be accessed at: [http://www.student.mq.edu.au](http://www.student.mq.edu.au)

In particular, students should note that auditing requires a good command of English, particularly written English. The following services are available:

**Writing Skills Program**
The Writing Skills Program is open to all Macquarie students and offers:

- FREE short courses on essay writing in weeks 6-10 each semester
- FREE individual consultations on academic writing (by appointment).

For more information check the website at: [http://www.ling.mq.edu.au/support/writing_skills/index.htm](http://www.ling.mq.edu.au/support/writing_skills/index.htm)

**English for Academic Purposes (EAP)**
The EAP Program is open to all Macquarie students who have a language background other than English. It offers:

- FREE workshops on pronunciation and grammar
- FREE individual 30 minute consultations on academic writing (by appointment)
- units for credit on academic writing and research skills (EAP100 and EAP101)

For more information check the **EAP Noticeboard** (opposite W3A 407) at the start of semester or contact:

Lorraine Sorrell 9850 9936  lorraine.sorrell@ling.mq.edu.au
Margaret Gillam 9850 6781  margaret.gillam@ling.mq.edu.au

**International Study Skills Adviser – Justin Dutch**
The International Study Skills Adviser offers:

- FREE individual or small group consultations on academic writing (by appointment)
- FREE workshops run throughout semester on topics such as:
- Understanding and Preparing Assignments
- Improving Academic Writing
- Proofreading Techniques
- Essay Writing; Report Writing; Referencing

For more information check the website at:
http://www.international.mq.edu.au/StudentServices/StudySupport/index.html

**Student Support Service**

The Student Support Service is open to all Macquarie students and offers:

- lots of useful web-based information about writing and referencing (and more)
- FREE 1 hour learning skills seminars throughout semester
- interactive online tutorials about ‘time management’ and ‘effective academic reading’

For more information check the websites at:

Workshops:
Online tutorials: http://online.mq.edu.au/pub/UCHSTIME/

**Writing Gateway**

The Writing Gateway is an interactive online guide to academic literacy, covering topics such as referencing, plagiarism etc. An MQID is required to access it at the following website: http://online.mq.edu.au/pub/EDUCGATEWAY/
