Unit Convenor: Leanne Carter
Lecturer: Jodie Turner

Prerequisites: BBA101 or MKTG101; BBA203 and BBA213 or MKTG202 and MKTG203

Students in this unit should read this outline carefully at the start of semester. It contains important information about the unit. If anything in it is unclear, please consult the lecturer in the unit.
ABOUT THIS UNIT

Unit description (3 credit points)
This unit introduces students to the areas of e-commerce, e-marketing and e-business. It covers concepts and frameworks in the areas of internet marketing, internet strategy development and internet marketing, implementation and practice.

Unit rationale
E-commerce is revolutionising the economic, social, political, legal and ethics dimensions of the business environment within which managers operate. This unit provides a comprehensive framework for understanding these changes as they relate to marketing. The structure of this unit enables participants to examine the relationships of internet with its macro and micro environments and develop the appropriate marketing strategy to optimise the value chain for sustained organisational performance.

TEACHING STAFF

Lecturer: Jodie Turner

10. Discuss ways to maintain and monitor the effectiveness of online sites
11. Discuss strategies to optimise business-to consumer (B2C) internet marketing
12. Discuss strategies to optimise business-to consumer (B2C) internet marketing

In addition to the discipline-based learning objectives, all academic programs at Macquarie seek to develop students’ generic skills in a range of areas. One of the aims of this unit is that students develop their skills in the following:

Self-awareness and interpersonal skills; Communication skills; Motivational skills;
Conflict resolution skills; Critical analysis skills; Problem-solving skills;
Leadership skills; Team building skills; Presentation skills; Research skills;
Creative thinking skills.

TEACHING AND LEARNING STRATEGY

This unit is conducted using lectures, tutorials using web based resources and class discussions.

Students will participate in class discussions in tutorial groups as well as work in small groups when necessary. It is suggested that students have read the relevant text book chapter prior to attending lectures. Students are also expected to keep up to date with current news about e-commerce, e-marketing and e-business. For example, the Tuesday Australian and Sydney Morning Herald have special IT sections with relevant issues.

**Tutorial Schedule**

**Thursdays 2 – 3pm  E4B214**

Attendance is required at tutorials. Tutorials will utilise web-based resources and class discussions to expand on the information presented in lectures. All work undertaken in tutorials is related to, but not necessarily found in the textbook. This work will be examinable. If you fail to attend these tutorial sessions you will be penalising yourselves. It is expected that students will participate in class discussions.
RELATIONSHIP BETWEEN ASSESSMENT AND LEARNING OUTCOMES

Different styles of assessments are used in this course to reflect student’s learning against the set objectives. Both cognitive knowledge and behavioural skills in relation to management in organisations are assessed.

Assessment
1. Case Study : E-Bay thrives in the local Marketplace
   - written submission (submit in week 4) 20%
2. Mid-Semester Exam 20%
3. Case Study: Making FMCG Sizzle Online

**Please note: you must obtain a passing grade in the final exam in order to pass this unit.**
EXAMINATIONS

The University Examination period in First Half Year 2008 is from 11 to 27 June.

You are expected to present yourself for examination at the time and place designated in the University Examination Timetable. The timetable will be available in Draft form approximately eight weeks before the commencement of the examinations and in Final form approximately four weeks before the commencement of the examinations.  
http://www.timetables.mq.edu.au/exam

The only exception to not sitting an examination at the designated time is because of documented illness or unavoidable disruption. In these circumstances you may wish to consider applying for Special Consideration. Information about unavoidable disruption and the special consideration process is available at  

If a Supplementary Examination is granted as a result of the Special Consideration process the examination will be scheduled after the conclusion of the official examination period. (Individual Divisions may wish to signal when the Division's Supplementaries are normally scheduled.)

You are advised that it is Macquarie University policy not to set early examinations for individuals or groups of students. All students are expected to ensure that they are available until the end of the teaching semester, that is the final day of the official examination period.

PLAGIARISM

The University defines plagiarism in its rules: "Plagiarism involves using the work of another person and presenting it as one's own." Plagiarism is a serious breach of the University's rules and carries significant penalties. You must read the University's practices and procedures on plagiarism. These can be found in the Handbook of Undergraduate Studies or on the web at: http://www.student.mq.edu.au/plagiarism/

The policies and procedures explain what plagiarism is, how to avoid it, the procedures that will be taken in cases of suspected plagiarism, and the penalties if you are found guilty. Penalties may include a deduction of marks, failure in the unit, and/or referral to the University Discipline Committee.

UNIVERSITY POLICY ON GRADING

Academic Senate has a set of guidelines on the distribution of grades across the range from fail to high distinction. Your final result will include one of these grades plus a standardised numerical grade (SNG).

On occasion your raw mark for a unit (i.e., the total of your marks for each assessment item) may not be the same as the SNG which you receive. Under the Senate guidelines, results may be scaled to ensure that there is a degree of comparability.
across the university, so that units with the same past performances of their students should achieve similar results.

It is important that you realise that the policy does not require that a minimum number of students are to be failed in any unit. In fact it does something like the opposite, in requiring examiners to explain their actions if more than 20% of students fail in a unit.

The process of scaling does not change the order of marks among students. A student who receives a higher raw mark than another will also receive a higher final scaled mark.

For an explanation of the policy see:

STUDENT SUPPORT SERVICES

Macquarie University provides a range of Academic Student Support Services. Details of these services can be accessed at: http://www.student.mq.edu.au.

CLASSROOM ETIQUETTE

Students are expected to arrive on time, certainly before five minutes past the hour, and not to leave until the class ends. If you have a recurring problem that makes you late, or forces you to leave early, have the courtesy to discuss this with your lecturer/tutor. Students are expected to be quiet during lectures unless, of course, class participation is required. Mobiles should be turned off during classes; not simply set to “silent”.
